## Spelling Test on Friday

### This Week's Homework

Monday: Spelling

Tuesday: Reading Log

Wednesday: Math Facts Log

Thursday: Reading Log

Friday: Spelling Test/Poetry Binder

### Notes

\*Continued thanks to all who have already donated snacks for snack time. Having that mid-morning snack really helps us to focus on learning. Feel free to send in something every now and again so our supply does not run out. Also, remember to send a water bottle each day.

\*Please continue to send your child with a light jacket or sweatshirt. The mornings are a little chilly and we do go outside right away for P.E. (and sometimes we even go out for music!)

\*Can you believe it is October already this week! We have been in school for 28 days today (Monday)!

## Last Week's Highlights

Monday

In Reading last week, students enjoyed reading poetry by Gwendolyn Brooks. We learned about stanzas, rhyming words, and rhythm while studying poetry.

Tuesday

We had fun learning about the different varieties of poems. We received a handout that listed 25 different kinds of poems. We wrote our own list poem about Fall.

Wednesday

Last week we practiced digraphs. We did some fun activities on Seesaw to help us practice. We also learned that ph has a (f) sound.

Thursday

In Math we finished Module Two: Addition and Subtraction of Length Units and started Module Three: Place Value, Counting, and Comparison of Numbers to 1,000.

Friday

We practiced favorite oldies from our poetry binder last week and added a few more! Do you have a favorite from the ones that have come home so far?
